

NetSuite Module 2

NetSuite Module 2 will expand your ability to use the NetSuite ERP system. This module covers:

- ✓ Look up product
 - Checking stock
 - Understanding the Inventory Item page
- ✓ Checking a price with the dashboard configurator
- ✓ Change a sale after it is written
- ✓ Cancel a sale
- ✓ Fulfill
- ✓ Refund
- ✓ Change commitment location
- ✓ Designer & Commercial Sales
- ✓ Customer communication out of NetSuite
