Bradenton, FL 34209

Ms. Viehman,

Per our phone conversation, enclosed you will find the Corrosion Block for your pieces. We have two different styles so I am not sure which you would prefer. To apply, you will need 2 clean, preferably white, cloths. You will need to apply the Corrosion Block using one cloth in an even coat over the entire chair. Once you have done this, you will feel that there is an oily substance left behind. You will need the second cloth to wipe off this excess film.

If you have any questions or concerns, I have provided the contact information for our customer support and service department below.

Thank you,

Bridgetta A. Chango
