

- Fading, color change or color match – POLYWOOD HDPE products are made with UV-stabilizers to minimize fading; however, upon exposure to the sun all colors will fade to some degree. To minimize possible fading: keep product covered, utilize cushions where applicable, minimize direct sunlight by storing product when not in use or use a UV-protectant
- Rust or corrosion of stainless steel or zinc coated steel hardware (please see Cleaning/Maintenance information for details on how to maintain your hardware)
- Rust or corrosion of steel frames
- Assembly or handling of products after they leave our factory, including any lack of performance or improper performance in any way by the dealer or assembler
- Abnormal use of the products
- The application of paint, varnish or other coating or chemical not approved by Poly-Wood or the application of heat or radiation from an external source, such as a barbecue grill, another appliance, fire or reflection from windows or doors
