

LEADERS HOLDING CO.TM

Est. 1971

Online Testimonial Loading

Leader's gets hundreds of great testimonials a month. Of all of the customer comments that come to the warehouse 99% are satisfied. We need to let people know this by asking our customers to load their experience on the internet searches so people can have confidence in Leader's. This helps them decide to come to your store. We are asking each store to be responsible for your location. We will give each customer that brings proof that they loaded their great, good, bad or indifferent Leader's experience on a third party website for 50% off any accessory. A testimonial loaded on the Leader's site does not count and will not qualify for the discount. If a customer does not have the internet please suggest that they use the public library to load their experience and qualify for the discount.
