

Install Glass table top into rim.

On blanket lay table top rim upside down.

Insert glass with smooth side facing down.

Use table clips to hold glass into rim by slipping clip under between glass and bottom rim of table top rim.

Use a rim clip tool or pliers to lock top into place.

Item # Cliptool is available for \$10.00

I found a video on Youtube.com. On youtube I searched Windward Design and found this video towards the bottom of the list of instruction.
